

STUDENT'S WAIVER OF PRE-REGISTRATION ADVISING

Pre-Registration Advising For: _____ (year) Fall Spring Summer

Print Student Name: _____

SID #: _____

Advisor: _____

The Cameron School of Business strongly encourages all students to seek faculty advising before each registration period. Faculty advising helps students understand the requirements to be accepted to the Cameron School of Business as well as requirements for graduation from UNCW. However, we realize that some students feel they do not require faculty advice for course selection each semester.

EVEN IF YOU SIGN THIS DOCUMENT YOU MAY STILL REQUEST FACULTY ADVISING AT A LATER TIME. Your faculty advisor's name is on your degree audit. You may meet with your faculty advisor during his or her office hours or at some other time you and your faculty advisor arrange.

An ID is required to obtain your alternate pin without seeing your faculty advisor or the Department Chair. This is so we can assure that your registration information is not given to another student.

Alternate Pin numbers or advising will not be provided by the Student Services Center during the pre-registration advising period if you have an assigned Faculty Advisor.

By signing this document I acknowledge that I choose not to meet with my faculty advisor as this time, and take full responsibility for my academic progress.

I understand that if any problems or issues inhibiting or delaying my graduation occur, I am liable.

Student Signature: _____ **Date:** _____
